

Mr. Miit Abel

Dear Mr. Abel:

I want to take this opportunity to formally thank you for your wonderful comedy act put on at our firm's holiday party. Our company has high expectations and your act and its presentation had all attendees laughing hysterically for over thirty minutes.

Before the event, we spent some time together to educate you on our firm and its business. This time proved fruitful in that it allowed numerous jokes and stories to be related to the audience. Although our group was small in comparison to most you perform for, you did a marvelous job adapting the group and making it an intimate show. You even handled hecklers by making them feel part of the event, but of course "having fun" with their comments as well.

Everyone who attended commented on what a fun and entertaining event the company hosted and the main reason was Milt Abel! I will be happy to serve as a reference for you if needed and look forward to seeing your act again in the near future. Good luck and I wish you the best in your promising comedy career.

Sincerely,

Gary W. Fales  
President
