

Milt Abel

Milt,

Thank you so much for doing your standup routine for my Integra Telecom employee outing on January 18th at the Hollywood Bowl. I have had many employees come up to me with thanks and positive comments about the job that you did. They loved it.

I sincerely appreciated the fact that you showed up early to learn about our company, our people, and personalized your routine to the audience. In addition, you did a terrific job in being flexible considering we didn't have a sound system as we were promised. I know that couldn't have been easy but you pulled it off!

The bottom line is your routine was very appropriate for a business environment, and it was flat funny....

Thanks again and I will look forward to hiring you for a future event.

Mike Daniel
Senior VP and General Manager
Integra Telecom
